

**Dear fellow Austin 7 enthusiast,**

For over 50 years I have had an interest in the Austin 7 having owned the same chummy since 1969.

In particular my interest has extended into literature, posters, tools and accessories and I have been fortunate to acquire a vast personal library of Austin Seven books and brochures.

During 1984 a decision was taken to share my collection with other like minded Austin 7 folk as the hobby had extended into items such as steering wheel covers, tyres, tool kits etc, etc.

The list of new and preowned books available is illustrated in our catalogue but as the majority are 'out of print' please check availability with me prior to ordering.

Wayne Styles
